---

On April 20, 2020 we were informed that Husky Energy officially suspended work on the WWRP for the 2020 construction year. The sub-contractor, SDP will continue to transition the Argentia site to Care and Maintenance mode.

Any members who were working on the Argentia site prior to the temporary shutdown due to COVID-19 in March will automatically be added to our out of work list. If any members have personal belongings onsite, you will receive notification at a later date on how your belongings will be returned to you.

I would also like to take this opportunity to remind you of several new online courses related to COVID-19 available on the CITF Online Learning Centre. You can access the courses on the member section of [www.carpenters.org](http://www.carpenters.org). Also, please continue to visit our ACRC website [www.acrc.ca](http://www.acrc.ca) for updates and information.

If you have any questions, I can be reached at 709-682-1405 or [mwilliams@acrc.ca](mailto:mwilliams@acrc.ca).

Stay safe.

Mike
