

Dear Stakeholder:

January 18, 2019

The Board of the Nova Scotia Apprenticeship Agency, through the Carpenter Trade Advisory Committee (TAC) has been exploring new training and development options with industry partners in the Carpenter Trade. We would like to invite you, to attend a session in your region, where we will share and discuss labour market information as well as the potential options for new training pathways, with the objective of increasing completion, certification levels and expertise within this trade.

There is an opportunity to increase participation levels in training and certification by offering voluntary certification in four areas of concentration; Formworker, Framer, Interior Finisher, Exterior Finisher. You are invited to participate in the discussion and attend a meeting from 5 – 7 pm, refreshments will be available at 4:30 pm, please select a session from the following list:
