Regional Manager Message

Hello Brothers and Sisters,

Our members' mental and physical health is important to our union and COVID-19 has been a tremendous stress on each and everyone of us, in one way or another. Thankfully, vaccination supply has now increased and anyone over the age of 12 years is eligible to receive a vaccination. This is very welcomed news to help job-sites return to normal and more work to open up.

Significant work is expected to start in Voisey's Bay during this construction season. IOC will also be hiring as tenders are let for their capital works. There has also been some requests from Alberta and Manitoba to fill jobs. As always, members are urged to be work ready and have their safety courses up to date.

All members are reminded to join Jason Rowe, Canadian District Vice President, and your Brothers and Sisters from across Canada for a discussion on Training & Skills Development, Benefits, and Worker Mobility & Politics this Wednesday via Zoom at 9:00pm Atlantic Time. There will be a contest for members and a chance to win a prize.

I also want to recognize and thank all the nurses in our province for National Nurses' Week May 10-16th who #AnswerTheCall.

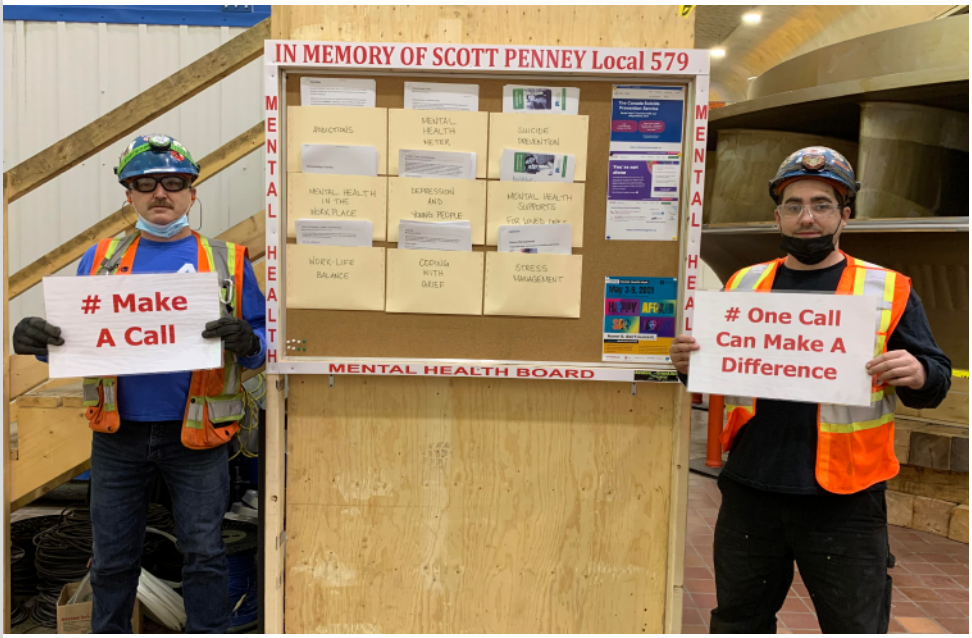
Have a safe and enjoyable May 24th.

Yours in solidarity,

Mike Williams

Mental Health Board

Brother George Janes (Carpenters Local 579) and Brother AJ Whelan (Millwright Local 1009) stand up to support mental health in the workplace. Shortly after the loss of Brother Scott Penney this year, George took the initiative to seek approval to install a mental health board at the Churchill Falls site. George noted that the board is in memory of union Brothers Scott Penney, Melvin Sharpe and Roger Bennett. Any member who needs support is urged to reach out for help. #MakeACall 1-877-234-5327.



Contractor Spotlight

Arsenault Bros Construction Ltd. is a family-owned company in operation since 1983. The company proudly serves all four provinces in Atlantic Canada with quality and trusted full service commercial fit-ups and all your commercial drywall needs.

Arsenault Bros is proud to build a strong and healthy environment for their people. They continually strive to build a company that people enjoy working for and that will continue to grow and last for years to come. Fostering a healthy environment for their people to look forward to coming to each and every day is their first priority. The company takes pride in helping improve the lives of those in their organization.

With their HQ based in Cornwall, PEI, and other offices based in Moncton, New Brunswick and Dartmouth, Nova Scotia, ABC has a growing partnership in St. John's with Capital Interior Systems and have teamed up on projects such as the Gander and Grand Falls-Windsor Long Term Care. Arsenault Bros has also recently completed the Happy Valley-Goose Bay YMCA, Corner Brook Long Term Care and the West Coast Medical Centre in Corner Brook.
